

Evaluation June 28-29, 2004

1. What were the strengths of the meeting
 - Grants
 - More about the grant seemed to come together when we got into small groups to collaborate.
 - We finally got to make some suggestions for the proposal. Things seemed to come together well.
 - A lot of valuable information, a lot of valuable discussion, different leadership
 - Participation of all members, great preparation and focus of “our leaders”
 - The openness and respect that allows all parties to fully participate
2. Was the material presented in a helpful way
 - A lot of different information
 - Yes
 - Yes, and the comfort level of the meeting allows people to explore the questions they have
3. Are there certain learning styles that you prefer?
 - Visual
 - Pictures
 - I enjoy visual aids/slides and handouts
 - The methods used in this group are fine
4. What were the weaknesses of the meeting?
 - Not enough time
 - Nothing significant
 - My personal lack of endurance

5. To improve future meetings I would...
 - Update everyone on past meetings and accomplishments made
 - Keep on with goal planning that has been accruing.
 - Attempt to build in more breaks/summary of information at the end of the breaks
6. After attending the first meeting, is there specific information that you feel would benefit the group for this project?
 - There is a lot of information
 - At our next meeting, review the grant in full
 - None that I can name
 - I enjoy all the different information we have received
 - A list of the presenters and the topics that they covered
7. Other
 - Good work! Look forward to the outcome!
